

Colonial native force generator

Counters are placed in logical positions in or behind terrain pieces. At least half should be dummy markers. The others need not be lettered, but should be indicated as 'Live'.

Each time a live counter is spotted, throw a D6 and add the number of stationary or advancing units currently on table to the result.

Consult this chart;

Die roll	Unit(s) located
1	10 Archers or, Firearm skirmishers (<i>Randomise which</i>) (Stationary)
2	10 Archers or, Firearm skirmishers (<i>Randomise which</i>) (Advancing)
3	20 Spears (Stationary)
4	20 Spears (Advancing)
5	25 Spears (Stationary)
6	Native herding cattle away from battlefield!
7	15 Archers or, Firearm skirmishers (<i>Randomise which</i>) (Advancing)
8	30 Spears (Advancing)
9	30 Spears (Advancing)
10	40 spears (Advancing)
11	War chief and bodyguard (20 spears) (Standing)
More	A unit of 25 spears advancing from the middle of the enemies base table edge

If insufficient numbers of figures of a particular type are available – use Spears, if any.
